Dear General Practitioner

If you have been on our website recently, you will see that we have not only completely updated our website, but also rebranded our logo. This has been a soft launch whilst we finalise some of the pages, however, we now feel that we are 95% there in terms of finish and would like to formally announce the launch to all of you.

I hope, like us, you find it more contemporary, fresher, and easier to navigate around the site and identify the consultants that work out of the "House" for referrals.

I would like to highlight some pages, that are particularly pertinent to you for future reference, which are as follows:

Consultants and Specialities - <https://www.litfieldhouse.co.uk/patients/our-services/>

Here you will find the consultants and services offered at Litfield House. You can either do general search or you can filter via Speciality or Treatment.

Medical Service Providers - <https://www.litfieldhouse.co.uk/patients/companies/>
Listed are the regular businesses that work out of Litfield House.

News Articles - <https://www.litfieldhouse.co.uk/the-centre/news/>

Here you will find news of new consultants/businesses joining Litfield House, Open Days, new treatments being offered and general Litfield House updates.

GP Education and Events - <https://www.litfieldhouse.co.uk/healthcare-professionals/education-and-events/>

All upcoming GP lectures with lecture overviews will be listed on this page. You will also be able to book lectures directly via a "Register" button, which will link to your email, directly to Victoria, who organises these events.

GP Newsletters - <https://www.litfieldhouse.co.uk/healthcare-professionals/gp-newsletters/>

Here you will be able to view our latest GP newsletters.

If you have any comments regarding our new website, can you please direct them via email to marketing@litfieldhouse.co.uk
