Dear General Practitioner.

In the next couple of weeks, we will officially start posting on our newly launched Instagram account for Litfield House, which will be linked to our Facebook page. This account is designed to promote not only the Private/NHS Clinics and Consultants operating at Litfield House but also our available rental opportunities and news. We are committed to enhancing our social media presence, so we encourage you to connect with us now, so we can keep updated on all our news.

Our second series of lectures will be starting shortly, so please do have a look at our upcoming events section for our second series of free GP lectures.

*Trisha Tanner*

**Practice Manager**

When we started the Bristol Paediatric Clinic, the concept for us as both paediatricians and parents was simple... Expert paediatric care without the wait. As fathers with young children, we understand the urgency and anxiety that can accompany health concerns about a child.

Our mission is to provide timely, trustworthy, and compassionate care for children from birth to 18 years old. We are committed to giving families access to expert medical care for children, without the long delays that are unfortunately so often now associated with NHS referrals to see a paediatrician.

We offer a range of consultation services, including general paediatric, allergy, renal and respiratory specialist appointments (with more specialities coming soon) and have a team of experienced paediatricians that parents can trust. We are happy to receive referrals from GP colleagues but will also take self-referrals from families.

Putting children and families at the centre of what we do is core to our values and vision and there has never been a more important time to provide high quality care for children, delivered by a team of paediatricians who as well as also working in the NHS, understand the needs of families and are committed to delivering kind and compassionate care.

Bristol Paediatric Clinic was registered with the Care Quality Commission in January 2025 and opened its doors in February. Following this we have already seen fabulous support from families, colleagues and the community locally as well as across the region.

For more information or to book an appointment, visit [www.bristolpaediatrics.com](http://www.bristolpaediatrics.com) or email [admin@bristolpaediatrics.com](mailto:admin@bristolpaediatrics.com).

Dr Dan Magnus & Dr Nick Sargant (Co-Directors)
