Dear General Practitioner.

If you are looking for exceptional consulting facilities in one of Bristol's most beautiful locations, we would be delighted to welcome you to Litfield House Medical Centre.

Litfield House Medical Centre is in the heart of Clifton Village, close to the Clifton Suspension Bridge, with easy access to buses, trains and airport services and within walking distance to good restaurants and hotels. We offer modern CQC compliant Consulting, Clinical Treatment and Therapy Rooms, in addition to a Day Surgical Suite.

We pride ourselves in offering a facility and service of the highest calibre in all aspects of healthcare. We welcome patients who are covered by Private Healthcare, Self-funded or attending through NHS contracts.

To learn more about our facilities and room hire options, please visit:

Trisha Tanner

Practice Manager

At Cohese Healthcare, our self-pay minor surgery service is a convenient one-stop model, allowing patients to receive both their consultation and treatment in the same appointment. For people living with cysts, skin tags, lipomas or other benign lesions, this can mean quicker treatment and fewer separate visits.

Our patient pathway is designed to be supportive from the first enquiry onwards. Patients can contact our team directly to discuss their concern, we guide them through the booking process and provide clear information on pricing, locations and what to expect. We believe communication is an important part of good care.

At the appointment, patients are assessed by an experienced clinician who will confirm whether treatment is suitable on the day. Where appropriate, procedures are carried out during the same session under local anaesthetic, allowing the area to be numbed while the patient remains awake and comfortable. This approach reduces the need for multiple appointments.

Our team focuses on making the experience reassuring and straightforward. Patients are fully informed about the procedure, recovery times, aftercare and any follow-up needed so they can make confident decisions about their treatment.

Cohese Healthcare offers self-pay minor surgery clinics across Bristol, Gloucestershire, Wiltshire and surrounding areas, giving patients access to expert local care closer to home. Our one-stop service combines convenience, clinical expertise and a patient-first approach.
